

How to recycle your plastic vending cups

Beca Bin
£85.05 + vat

Eco Bin
£138.95 + vat

1. Contact MannVend on 01624 613131 to supply special bins that stack the plastic cups to aid collection.

The cups must not contain any foreign objects such as :

- sugar sticks
- Paper clips
- General waste

as this contaminates the plastic and renders it useless for recycling.

2. Contact Buck Recycling on 01624 825826 / 07624 497915 to come and collect your cups on a regular basis for an arranged fee of £7-£10 per week.

3. Buck Recycling will then ship the cups to the UK to a specialist manufacturer who recycles the plastic.

Linpac Packaging - Plastics Recycling Division
